PREFACE.

M. W. JUDGE JOHN L. LEWIS,

GRAND MASTER OF THE GRAND LODGE OF NEW YORK,

Has so happily and truly daguerreotyped the views which prompted us to undertake the publication of the "UNIVERSAL MASONIC RECORD," in the following extract, that the reader will at a glance see the design, and purposes, and future historical value of the work. He says, "Your idea, Brother Hyneman, of the Universal Masonic Record, is most valuable and useful, and well deserves the patronage of the fraternity. It will be useful not alone as a book of reference, but will *awaken a thousand kind and pleasant recollections of absent and endeared friends*, and serve as a guide and text-book to the future Masonic Biographer. Combining thus, in one volume, the practical with the agreeable, it will be a future companion of high value when the present generation has passed away." Thus speaks the eminent jurist, the philanthropist, the enlightened and beloved Mason, M. W. JOHN L. LEWIS. We might fill a number of pages with approbatory communications from the most eminent Freemasons in the United States and British Provinces, not only thanking us for having originated so highly useful and valuable a work, but who have given their *Official sanction and approval* to the publication of the "UNIVERSAL MASONIC RECORD." Among whom it will be sufficient to name only the following, who are endeared to the craft no less for their virtues than their high Masonic attainments, viz: M. W. Brothers Albert Pike, B. B. French, Rob. Morris, Winslow Lewis, T. S. Parvin, J. Q. A. Fellows, A. T. C. Pierson, R. W. T. Daniel, Edw. Stewart, W. R. Smith, Archibald Scott, &c., &c.

The Press have also with great unanimity spoken favourably of the publication, and commended it as worthy of the patronage of the craft. The members of the order also, with very rare exceptions indeed, wherever the object and design of this work was presented to their notice, have not only heartily approved of it, but without hesitation at once subscribed for the book. Notwithstanding the very liberal subscription, as will be seen by the following pages, but few of our brethren lent a helping hand to promote its success. Prominent among those to whom we are indebted for essential services rendered us, are the following brethren, viz: Bros. A. A. Lechler of Philadelphia, Marshall O. Waggoner of Norwalk, Ohio,

ELLINOR C. DAVIDSON ESTATE DECEMBER 1945

J. E. Hurford of Oregon city, Oregon, who are each of them thorough going and efficient business men, and valuable to any enterprise. We are also indebted to Bros. Archibald Scott of Halifax, Nova Scotia, R. A. Woodcock, of Ingersoll, Canada West, and S. G. S. Rowley, of Bolivar, N. Y., for the deep interest which they have manifested in extending a knowledge of the publication. The very great success we have had, and the liberal subscription to the work within the last two months, as well as in compliance with a request from many Brethren of high standing, and whose opinions we value, in New York, Philadelphia, and other parts, we have concluded to publish another edition of the Universal Masonic Record during the present year.

In making this announcement, we will remark, that it is our intention to have every Lodge in the country thoroughly canvassed, and the work brought prominently before the notice of the craft. It is our intention to have the next edition as full and complete as it will be possible for us to make it; the "Directory" to contain the *name, time, and place of meeting* of every Masonic Lodge in the world if possible, up to the time of going to press, and the "Record," to embrace the *Masonic affiliations* of every Freemason, who appreciates his connection with our time-honored order. In this laudable enterprise, Brethren, will you help us? We will, of course, have to depend greatly upon your assistance. We confidently expect with the efforts which we shall make and the help of our brethren, to enrol at least *forty thousand* additional names of good and true craftsmen in our next edition. We purpose to reprint in the next edition, all the names and Masonic affiliations of the subscribers contained in this book, without any charge; and we will also make any corrections, additions, or alterations that may be necessary, free of any expense. This liberality on our part we trust will be appreciated by the present subscribers, and imbue them with a proper spirit to assist us in this undertaking.

A NEW EDITION

OF THE

UNIVERSAL MASONIC RECORD,

Will be published in uniform style, plain and neatly bound in cloth. Price, Three dollars.

It will contain the whole of the contents of the present work, with the names, &c., of such additional subscribers as will be received, and a complete list of Masonic Lodges throughout the world.

We will consider it to be the duty of every Freemason who reads this notice, to contribute his best exertions towards rendering the "Family Circle" complete, so that every Freemason will be *linked in the golden chain of brotherhood.* Every Brother constitutes a link in the Masonic family. All are interested in having the chain perfect, not a single link should be left out. Brethren, will you aid us in this good work? It matters not where a Brother hails from, where he resides, or what his profession or occupation may be, if he is in good standing in the order, it is his duty

to be associated with the "living lights" whose names are recorded in this book. Every Freemason ought surely to feel an honest pride in having a Record of his Masonic connection perpetuated, and to be united in a chain of love strong and enduring, and through the means of the Universal Masonic Record, to be brought in close proximity to his brethren, no matter how widely separated. As a legacy of a good name associated with the sons of light, the book will be the richest inheritance that a Brother can leave behind, and long after he has "passed away," it will be treasured by his family and friends more than gold, as a remembrance beyond value and price. Now, Brethren, with your assistance we hope in our next edition to present such an array of names of good men and true as were never before published in any work. *Names!* from the humblest operative among those who constitute the bone and sinew of a nation, to the distinguished artificer, whose designs on the trestle board of science or in the direction of the moral or political world, stand pre-eminent—*Names* of the good and true, the moral and the virtuous, all the world over; and to attain this glorious result, we trust that we will not depend upon your assistance in vain.

Subscriptions for the work will be received immediately.

Brethren subscribing for the work will be required to pay one dollar at the time of subscribing, and the balance, two dollars, so soon as the book is ready for the printer.

The book will be published for subscribers only, and will not be for sale.

Advertisements will be received at the rate of Forty dollars a page, smaller advertisements in proportion.

The membership of Lodges, Chapters, Councils, &c., published in the book for Five dollars, and a copy of the book given to the body subscribing.

The present subscribers desiring a copy of the next edition will be charged two dollars for a copy of the book. Address,

CAN CONSUMPTION BE CURED?

To that portion of the human family afflicted with this horrible disease, this is a question fraught with serious import. With them it is a question of life or death. The failure of the medieal profession, heretofore, to devise any means for the cure of this disease, has invested it with a terror that accompanies scarcely any other chronic complaint. To assure a man or woman that they had the consumption, was about equal to saying—"Your days are numbered; you may as well settle up your worldly affairs and make your peace with your Creator, for you must surely die with the disease that now afflicts you." Quacks took advantage of this dread in the public mind, and by pretending to be able to cure this frightful disease, gathered golden harvests from the sufferers, while in faet they were only attending them to the tomb. To so great an extent had this species of deception been carried, that the human family began to think that the medical faculty were right in pronouneing this an incurable disease.

CAN CONSUMPTION BE CURED? is still the inquiry of the sufferer, and the poor mortal upon whom this disease has set its fangs, like a drowning man, still eatches at everything that promises relief; and it is well that it is so. Were it otherwise, any great discovery by which disease may be cured would be of no benefit, because the world had come to the conelusion that there was no use in trying.

Not long since, Dr. Wesley Grindle, a physician of high standing in New York, announced that he had found a remedy whieh actually cured this horrible disease. Statements came to us from the most reliable sources of cures whieh had been effected, and which were still being effeeted, and whieh were truly startling in their charaeter, and we became eonvinced that there must be reality in his cures, and so stated. Since, we have seen the living witnesses of his triumph over the worst form of disease, and the desire of eaeh and every one of them is, that we should make known this great discovery to the world, for the benefit of others similarly affected.

With this evidenee before us, therefore, we have no hesitation in saying that PULMONARY CONSUMPTION CAN BE CURED; IT IS NO LONGER AN INCURABLE DISEASE. This is saying a great deal more than we ever thought we should be able to say, but it rests upon positive proof; and it is due to Dr. Grindle that his diseovery should be made known to the world; for the benefit of suffering men and women, it should be published in every newspaper in the country. It is a shame that the suceess of Dr. G. has stirred up the malice and envy of many physicians of the conservative order; instead of this, he is worthy of our highest regard; and we predict that the secret of this medieine will, in time, be bought up by the profession, and prove an important aceession to the healing art, and a speeific for the eure of a disease that, perhaps, fills more graves annually than any other in the catalogue of ailments. This subject is creating a great sensation among physicians as well as others, and our advice to consumptive invalids is, that they lose no time in obtaining this GREAT REMEDY. What if we have been deeeived heretofore? better be cheated a thousand times by mere nostrum venders than once reject the means of cure when plaeed within our reach, and cheat oursclves of our lives. Though this medieine has been before the public but a short time, immense quantities are already being despatched by mail and express to many parts of the country. For the information of such as may wish to avail themselves of this valuable medicine, we quote the Doctor's prices, as follows:

One box, $3, three boxes ordered at one time, $8; half dozen, $14; one dozen, or any number greater, at the rate of two dollars a box. The postage in the United States, not over three thousand miles, is fifteen cents a box. In all cases where the postage must be prepaid, the amount should be enclosed in money or stamps.

All orders addressed to Dr. W. Grindle & Bro., either at New York or Philadelphia, will receive instant attention —*New York Atlas.*
